

Long Time Coming

It's been a long time coming you've been crawling around my floor.
It's been a long time coming you've been coming around my door.

Well I want to you to know that you cannot stay
But I ask you to come here anyway
I don't know what I want from you
You just stick to me like you were glue

It's been a long
It's been a long
It's been a long
Long time coming

It's been a long time coming you've been coming around my door.
It's been a long time coming you've been crawling around my floor.

Well you need me to want you, but I don't want to
And you don't know what's in this crisis
You need me to understand
But I won't. But I won't

CHORUS

Now I want you to say but I don't want you
And there must be something in me that's crazy too
I don't understand why you want me to want you
But it is something that I must pass through
