

## Schemin' for a Good Time

Well she walked into the room and looked around  
A good lookin' boy had been found  
She walked up to him and ordered up a drink  
He looked at her and didn't know what to think.

Cause she was schemin', she was schemin', she was schemin' ... for a good time.

The five of them, went to Las Vegas  
Each one prepared to lose one weeks wages  
The drank and they partied and had some fun  
Well four of them lost, but one of them won

Cause they were scheming, they were schemin', they were schemin' ... for a good time.

Well one day I was sitting underneath a tree  
It was the shadiest thing you would ever believe  
I looked over at the tree that was sittin' next to me  
Right next to him was the most beautiful woman that I had ever seen

So I was schemin' for a good time  
(repeat)
