

Song: Yes Is More Fun

Lyrics by Marten Niner

I was walkin' down the street one day
I saw this pretty girl headin' my way
She was a stunner that's all I can say
And I feel today is my lucky day

Yes is more fun
When you hang out with JUNK.
And I'm feelin' alright
Can you feel our funk?

So I work an unusual job
I sell stuff to a cranky mob
They are on the left or right side
But some of their views I cannot abide.

So I tell them, yes is more fun
When you hang around me
And I'm feelin' alright
Cause our fun will set you free.

So I'm at this crazy trade show.
There's a lot of people I don't know
Everyone wants to make a little dough
So I walk up to people and get to know.

Because, Yes is more fun
Chorus

So that girl I was talkin' about
Earlier in this phrase-ology
I did walk up to her
And found some in-common – bi-o-logy.

Chorus

Yes is more fun
Yes is more fun
Yes is more fun
And we can prove it.
